Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels of air pollution are expected across the UK on Thursday with the blustery breeze helping to disperse and prevent the build-up of any pollutants.

Tomorrow: Another largely breezy day is forecast on Friday, with air pollution levels expected to remain Low across the UK.

Outlook: Low levels across much of the UK throughout. However, a chance of Moderate levels moving into southwest England through the weekend, bringing a slight chance of locally High levels Saturday.
